

FREE Early Education Places for 2, 3 and 4 Year Olds

Introduction

The Free Early Education for any individual child is governed by three factors:

1. What the DfE Statutory Guidance allows and how this is administered in Kent
2. What the provider is offering
3. What parents want

What is Free Early Education?

Your child is entitled to up to 570 hours of Free Early Education per year. This can be taken in a pattern of a maximum 15 hours per week for 38 weeks a year. However to meet parental need, some providers may offer 12 hours per week for 48 weeks up to a maximum of 570 hours. This can be taken over a minimum of 2 days of not less than 2.5 hours per day or no more than 10 hours per day, between the hours of 7am and 7pm. Currently in Kent the 38 weeks are in line with Kent County Council (KCC) school term dates.

How is that delivered?

The provider will set out how and when they will offer their Free Early Education. There will be many different patterns of offers and you will need to check with each provider that their offer suits your needs.

The scheme is optional for parents and providers, but providers who choose to deliver the Free Early Education must be registered with Kent County Council.

When is my child eligible to receive the Free Early Education?

A child is eligible for the Free Early Education in line with the Department for Education (DfE) table below:

PLEASE BE AWARE THAT 2 YEAR OLD CHILDREN MUST MEET ADDITIONAL CRITERIA AS THIS IS NOT A UNIVERSAL OFFER. FULL DETAILS OF THE CRITERIA ARE AVAILABLE FROM:-

http://www.kent.gov.uk/education_and_learning/childcare_and_early_education/paying_for_childcare/free_childcare_for_2_year_olds.aspx

A child born on or between	Will become eligible for a free place from
1 April and 31 August	Start of term 1 (Autumn), in September, following their second or third birthday
1 September and 31 December	Start of term 3 (Spring), in January, following their second or third birthday
1 January and 31 March	Start of term 5 (Summer), in April, following their second or third birthday

Three and four year old children must attend during the Kent designated headcount week to be able to claim the Free Early Education for that academic term, (Autumn, Spring, Summer). Late joiners can claim their Free Early Education providing they meet one of the two following criteria.

1. A child moving to Kent from another local authority after head count week
2. A child has not claimed at another setting in Kent during that academic term

Eligible 2 year old children can currently take up their free place at any time during the term.

Is the Free Early Education available all year?

No – in Kent the Free Early Education can be claimed over 38 weeks during KCC term time. Where provider choose to stretch the funding this can be claimed over 48 weeks to a maximum of 570 hours per year.

Currently Free Early Education operates within the context of three terms a year:

Terms 1 & 2	September to December	Autumn
Terms 3 & 4	January to March	Spring
Terms 5 & 6	April to July	Summer

Where a child attends a setting for more weeks than those funded, additional charges will be incurred.

Who is the funding paid to and how?

Payment is made directly by KCC into the provider's bank account for the hours claimed by that provider for each child. There is no monetary value to you – the entitlement is up to 570 hours free per year. The year starts when your child first becomes eligible for funding.

Can I be charged any fee for my child's Free Early Education?

No – you cannot be charged any kind of “top up” fee for any part of the Free Early Education – it must be free at the point of delivery and providers should not levy any fee, or charge.

Fees for any additional time are a private matter between you and providers, although your provider must let you know the cost before you take up the additional time.

Can I choose when my child attends their Free Early Education?

No – you need to take your Free Early Education in line with the patterns offered by the providers. Any additional time that you may require will need to be arranged with the provider.

I use a childminder. Will I be able to claim my Free Early Education?

Yes – but only if your childminder is registered with Kent County Council. This information is available from the Kent Children & Families Information Service (CFIS).

Can providers charge what they like for any additional time after the free hours and/or for any optional services?

Yes – but you must ask your provider what these charges are before you accept additional time/optional services. Any additional time/optional services provided can only be charged for outside of the Free Early Education – any additional services provided during the Free Early Education period may not be charged to you on a compulsory basis.

How does KCC determine that “top up” fees are being charged if providers can charge what they like?

If you believe that you are not receiving your full Free Early Education and a top up fee is being charged (and you can provide evidence [in writing] to substantiate that concern) then the CFIS will investigate and ask providers to explain the fee structure in order to determine whether a top up fee has been charged. If substantiated, the provider would be given the opportunity to comply before any action is taken.

Can the Free Early Education cover the lunch period?

A provider may choose to include lunch as part of the Free Early Education where this is delivered as part of a learning experience. In these circumstances you cannot be charged for the lunch period although providers can ask for payment for meals. However you should be allowed to provide your own meals where appropriate storage is available. You will need to check this facility is available from your provider prior to taking up your place.

Can a child claim 10 hours Free Early Education in one day?

Yes – but you will need to check with your provider the pattern they are offering.

If a term starts and ends mid week, is the part week covered by the Free Early Education?

No - Kent pays only complete weeks although a week can be from Tuesday to Monday or Wednesday to Tuesday etc.

Will receiving the Free Early Education affect my working tax credits or the childcare element of working tax credit?

No – it does not affect working tax credit and it does not affect the childcare element of working tax credit although you cannot claim for the hours your child receives the Free Early Education. These hours must be deducted from the total amount of childcare hours claimed. Please be aware that parents in receipt of working tax credit are not eligible for 2 year old funding, this is subject to change in September 2014.

Parents in receipt of working tax credit are not eligible for 2 year old funding but this is subject to change in September 2014.

As a parent of a 2 year old, what happens if my financial circumstances change after I have been confirmed eligible for a free place?

Once you have been confirmed eligible, the funding will remain in place until your child takes up their 3 year old funding.

What happens when a provider cannot open for 38 weeks per year?

Providers must explain to you that they will not be able to offer the Free Early Education for 38 weeks per year. If you wish your child to attend a provider that is open for, say, only 36 weeks, that is entirely your choice.

If you choose to use a provider who is open for less than 38 weeks, the local authority is not under any obligation to offer the rest of your child's Free Entitlement elsewhere (Section 1A of the Provider Agreement).

I want to use two providers – can the Free Early Education be divided?

Yes – to the maximum of 15 hours per week between the two providers.

Can I access just the 15 hours Free Early Education?

Yes – but the provider will explain their pattern of offer to you as this may not suit your needs. A provider who is open for 15 hours must offer 15 hours of Free Early Education per week but how and when this offer is available will be explained in the providers offer pattern. However where a provider cannot open the full 15 hours per week they are still able to register to offer Free Early Education as parents can access their remaining hours at another provision.

Can I choose my Free Early Education pattern with a provider?

No – providers will explain their pattern of offer available to you. If a particular provider's pattern of offer does not suit your needs, please contact CFIS 03000 41 23 23 for assistance.

Will I have to complete and sign paperwork when requesting my Free Early Education hours?

Yes – a provider should ask you to sign a record of the number of weekly hours you wish to claim. Additionally, parents of 2 year olds will need to complete an application form to find out if their child is eligible for the 2 year old funding.

Can my child attend a KCC School (nursery class) and a Private/Voluntary provision and split the Free Entitlement between the two?

Yes - the 15 hours Free Early Education may be split between a KCC School (nursery class) and a Private/Voluntary provision.

Can funded sessions be increased after headcount week?

No – for 3 & 4 year olds. Claims are based for the term, (Autumn, Spring, Summer), on headcount week. CFIS can provide you with these dates. Please note: this does not apply to the 2 year old funding.

Yes – for 2 year olds

Can I increase my Free Early Education hours in the middle of an academic term if I have not claimed the maximum 15 hours?

No - for 3 & 4 year olds. Free hours for the term are set in the headcount week and parent/carers would have to pay for any increase prior to the start of the next academic term (Autumn, Spring, Summer).

Yes – for 2 year olds.

Can I change my provider part way through a term and continue to receive the Free Early Education?

No – funding is paid to a provider for the whole of the term (Autumn, Spring, Summer). If you choose to change provider during the course of the term you will have to pay your new provider until the start of the next term. In exceptional circumstances an appeals process is in place for parents and all enquiries should be directed to CFIS.

My child is due to start a maintained school reception class but will not be full time straight away. Can I still claim the Free Entitlement?

No – if a child is registered in a maintained school reception class, the child is funded through the main schools budget and would not be able to claim Free Entitlement.

What do I do now?

- Contact CFIS if you require a list of KCC registered providers who offer Free Early Education in your area.
- Contact / visit some providers who you are interested in to discuss their pattern of offer.
- When you go to the provider to complete your paperwork please ensure you take your child's birth certificate and if you are applying for a free two year old place you will also need to take the date of birth and national insurance number of the person claiming the benefit in the household. This is to confirm your eligibility.

For further information and to find out details of childcare providers who are registered for the Free Early Education please call:
